## About This Game

**Dear Bob,**

I know you know that feeling ... monday morning - sitting in the office - and you only want to go home. Your work is boring, your colleagues stupid - so what should you do?

Easy peasy my friend - just get your gun and blow em away! But wait! Not that bloody, rude one - there's no real fun in them ... use the one just hurting - hit by hit!  
So equip your foam blaster and get some!

**Sincerely, your CEO**

*PS,*

*Please don't smash the whole facility, again. We want to release a new floor with more room for you soon.*

### **The Gameplay**

Load your gun, shoot your enemies, fight your way to the next lood or a dropped weapon - get it, and get it quick!

### **The Environment**

A massive, handcrafted office facility is waiting for you. For early access we open the first, smaller office area to get you startet. Feel free to reshape some furniture with your guns, it is YOUR office

---

### **The Weapons**

At the moment you have 3 weapons. Our *Ballermann*, shooting some midsize foams, the *Speedster* - small projectiles but a lot of them, and the *Cleaner* - slow rolling bigboys making some space in front of you

### **The Characters**

We don't have employees at the moment, beside of Bob. But we have some applications in the queue
